FY'01

- Worldwide business revenue, including technology development, product development and technology commercialization, totaled \$1.0 billion in FY'01.
- During FY'01, there were 5,665 projects in progress at Battelle for 1,395 government and industrial clients.
- Our staff of 7,500 technical, management and support professionals provided leading-edge technology to meet the needs of clients in 30 countries.
- In 2001, *R&D Magazine* selected 12 developments from Battelle, Pacific Northwest National Laboratory, Oak Ridge National Laboratory, Brookhaven National Laboratory, and the National Renewable Energy Laboratory among the 100 most significant new products worldwide.
- Battelle's all-time total R&D 100 Awards reached 97.
- In FY'01, 89 Battelle staff were named on 55 patents, 42 of which were issued to Battelle, and 315 Battelle staff were honored for their efforts in technology development and commercialization.
